Fast. Secure. trans-o-flex.

For everything that needs to arrive safely and quickly

For over 50 years, trans-o-flex has been offering its customers comprehensive logistics solutions for demanding industries.

With different express services and actively temperature-controlled networks (2–8 °C and 15–25 °C), we achieve a standard delivery time within the next working day - for fast and secure deliveries. Our system enables end-to-end processing of the entire logistics chain - from collection, storage, packaging and serialisation through to on-time delivery. For time-critical consignments without reloading, our direct and charter journeys offer particularly fast and efficient delivery - directly to the recipient.

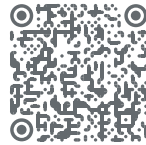

In addition, with our Special Services, we develop individual logistics solutions for highly complex or specialised requirements that go beyond standard logistics solutions.

With the global network of trans-o-flex and GEODIS, you benefit from solutions in Supply Chain Optimisation, Freight Forwarding, Contract Logistics, Distribution & Express, Road Transport and Airfreight for your international expansion.

Global. Solutionorientated. Connected.

Freight Forwarding

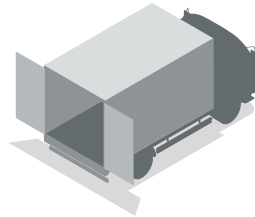

When time is of the essence - without detours

We get your goods to their destination without detours – flexibly, gently and exactly according to your schedule.

⊕ CHARTER TRANSPORT

⊕ DIRECT TRANSPORT

We offer Charter and direct transport for the safe and efficient transport of your goods - without any unnecessary routes. With this direct approach, we can transport your freight not only faster, but also more gently, as there is no need for handling. From the moment of placing your order, you will be accompanied by a contact person to ensure a smooth process right through to successful delivery.

The latest technologies and our reliable network ensure transparency throughout the entire transport process. This maximises efficiency through shorter delivery times, customised solutions and a high level of security thanks to direct transport.

We plan each transport individually according to your specifications and offer optional time slots for delivery. We focus on your and your customers' satisfaction

because we know that punctual and undamaged deliveries contribute significantly to the success of your business relationships. Whether exclusive direct journeys for urgent ad-hoc orders or regular charter transports for predictable goods volumes, we have the right solution.

Benefits

- On-time delivery without detours, ideal for time-sensitive consignments.
- For regular transports with predictable goods volumes, nationally and throughout Europe, combinable with other services.

Direct transport

When maximum speed and safety are paramount

DIRECT TRANSPORT

Direct deliveries are the perfect solution for your time-sensitive or particularly valuable shipments, where every minute counts and maximum security is a top priority.

SERVICE OVERVIEW

- Exclusive and irregular direct deliveries (ad hoc orders)
- Door-to-door delivery without transshipment
- Use of the optimal means of transport
- Provision of the necessary equipment
- Delivery within precisely defined time windows
- Proof of delivery (ABL) available upon request
- Transport of special products possible

OUR SERVICE

Your shipment will reach the recipient quickly and efficiently, without transshipment and with minimal risk. Eliminating transfer points significantly reduces the risk of damage, loss or mix-ups. Whether you need a short-term order or a delivery at a fixed time, we will deliver it when you need it

Benefits

- Consideration of your individual specifications
- Fast and flexible transport handling
- Punctual collection and delivery possible
- Reduction of the risk of damage, mix-ups and loss, as there is no transshipment
- Suitable for sensitive transports with high relevance

We use appropriate transport and equipment tailored to your requirements. Direct deliveries from trans-o-flex offer less risk, more speed and full control, providing the perfect solution for demanding transport needs.

Charter Transport

Your predictable solution for regular success

CHARTER TRANSPORT

If you have regular shipments with predictable and higher volumes of goods, our charter transport services offer the ideal combination of efficiency and cost control. We are your partner for reliable logistics, both nationally and across Europe.

Our success factors ***Excellent direct and charter flights***

At trans-o-flex, we know that direct and charter transport is about more than just movement; it's about precision, reliability and a deep understanding.

ABSOLUTE ADHERENCE TO DEADLINES

Your shipment will reach its destination on time. This is crucial for the smooth continuation of your processes and projects.

MAXIMUM SECURITY

By avoiding transshipment and taking direct routes, we minimise any risk to your goods. Your freight is in the best hands with us.

PERSONALISED SERVICE

Whether you have special dimensions, sensitive goods or specific time requirements, we tailor our services to your needs.

TRANSPARENCY AT EVERY TURN

Thanks to our advanced systems, you always have full control and know exactly where your shipment is.

We approach this with passion and expertise. This is how we define outstanding direct and charter logistics.

Reaching the goal together

Your success through our consulting expertise

trans-o-flex is at your side as a highly consultative partner with customised concepts for your direct and charter logistics.

At trans-o-Flex, we see ourselves as your strategic partner. We take the time to understand your unique direct and charter transport requirements, working together with you to develop the most

efficient and suitable solution. We focus not only on rapid implementation, but also on long-term optimisation of your logistics processes.

We start by carrying out an individual needs analysis. During this process, we pay close attention to your specific transport requirements, recording everything from the type of goods to the desired delivery times. Based on this information, we will develop a bespoke transport concept that is optimally tailored to your processes and shipment volume. Flexibility is always at the forefront. At the same time, we

anticipate potential challenges and counter them with appropriate measures to ensure a smooth process. Throughout the entire process, you will have a dedicated contact person to ensure short coordination channels, clear communication and the highest quality of service.
