Our services

Your supply chain solution

From procurement to fulfilment, we offer a broad portfolio: Express shipping (national/international), temperature-controlled transport (2–8 °C/15–25 °C), storage and commissioning.

EXPRESS

Fast shipping with a delivery time of less than 24 hours and over ten different express services.

ACTIVE TEMPERATURE CONTROL

Nationwide and environmentally conscious transport in the range of 2–8 °C and 15–25 °C.

HIGHEST SECURITY

Professional handling of goods, including the use of special sorting equipment and temperature-controlled halls.

TRANSPARENT AND SECURE PROCESSES

Digital tracking with a constant overview of the status and detailed temperature curves.

HAZARDOUS GOODS COMPETENCE

Secure transport of sensitive and high-value goods of all dangerous goods classes (except class 1).

2C SERVICES

Flexible and easy shipping, taking into account special requirements for delivery to home patients.

COMPLETE LOGISTICS

Efficient and customised solutions for every step of the supply chain - from collection to on-time delivery.

Fast. Secure. trans-o-flex.

For everything that needs to arrive safely and quickly

For over 50 years, trans-o-flex offers its customers customised and comprehensive logistics solutions for demanding industries.

With different express services and actively temperature-controlled networks (2–8 °C and 15–25 °C), we achieve a standard delivery time within the next working day - for fast and secure deliveries. Our system enables end-to-end processing of the entire logistics chain - from collection, storage, packaging and serialisation through to on-time delivery. For time-critical consignments without reloading, our direct and charter journeys offer particularly fast and efficient delivery - directly to the recipient.

In addition, with our Special Services, we develop individual logistics solutions for highly complex or specialised requirements that go beyond the standard

With the global network of trans-o-flex and GEODIS, you benefit from solutions in Supply Chain Optimisation, Freight Forwarding, Contract Logistics, Distribution & Express, Road Transport and Airfreight for your international expansion.

Global. Solutionorientated. Connected.

TOF.NOW

No contract required! Try our B2B shipping service!

Discover trans-o-flex's online shipping tool, tof.now! As a business customer, you can enjoy effortless and speedy processing of your shipping orders.

Our innovative platform enables you to organise your shipping logistics quickly and easily. Whether you are shipping documents, parcels or pallets, we ensure your shipments reach their destination reliably and efficiently. Nationally and internationally, with fixed delivery times and transparent tracking.

With tof.now, you have access to a wide range of functions and services that optimise your shipping process.

Our intuitive tool makes entering shipping orders easy and efficient. You have full control over your shipments and can conveniently track the entire process online.

Alternative rates and billing options are available for registered users. Please contact us for more information.

Your benefits

The fast shipping system in the express and logistics market

With the powerful online booking system tof.now, you can quickly and easily enter your dispatch orders on all digital devices and organise your shipping logistics within minutes.

EXPRESS

Fast shipping with a delivery time of less than 24 hours and various time options.

NAVIGATION

Intuitive operation of the service platform guarantees the fastest processing of your shipping requirements.

FUNCTIONAL

Intelligent user profile that saves your own configurations and addresses with a shopping basket function and just a few clicks.

SERVICE

Simplest processing of a shipping order with a guest account. Advanced products and features, such as invoicing for registered users.

Here's how it works

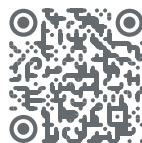

- 1 Go to **tof-now.de**.
- 2 Click on **'Create new shipping order'**.
- 3 **Configure** your shipping order on the navigation disc or select a preconfigured bundle.
- 4 Pay online and **send!**

TOF.COVER

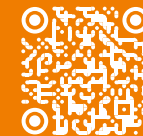

Document Express

Send quickly with tof.now

Do you need to send documents or small items quickly and easily without worrying about packaging? Our tof.cover document express service is ideal for this.

- 1 Would you like to use trans-o-flex shipping bags for your shipments? Then order the starter pack on our website.
- 2 Submit the shipment data via tof.now. The 12 noon express service is included. Numerous other time options and additional services are available.
- 3 Pack your shipment in the shipping bag. For fragile goods, stabilise the contents with packaging material. The shipment may weigh up to five kilograms.
- 4 Attach the shipping/address label to the shipping bag.
- 5 If you use our security labels for even safer shipping, stick them over the welded seams of the shipping bag.
- 6 Give us the shipment for standard or ad hoc collection.

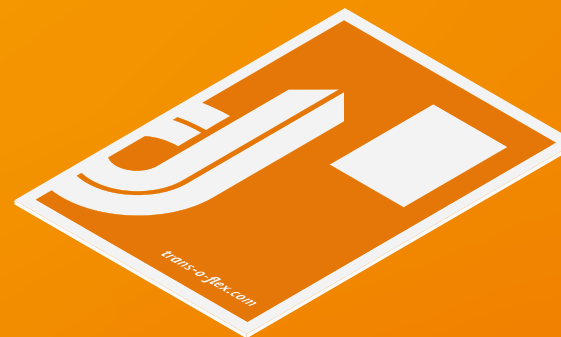

Your voucher

Give it a go right now and send your small items or documents with tof.now.

Place your shipment in the shipping bag. Go to www.tof-now.de, enter the code in the 'Voucher: 1x free shipping' field on the home page.

Then enter your collection and delivery addresses, click on the 'Checkout' button, and submit your order. You will then receive a shipping label by email that you can print out. Please stick it on the envelope. Your order will then be collected.
