

# *A powerful partnership*

For particularly **sensitive and time-critical** requirements in logistics throughout Germany and 36 countries across Europe.

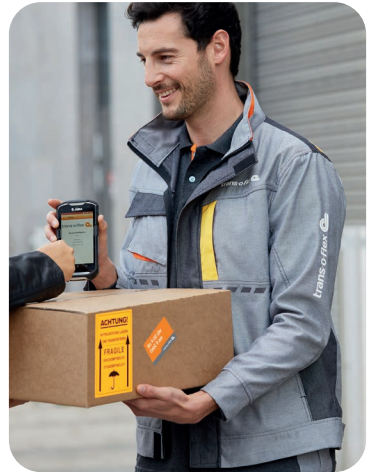

# Your express specialist

## For high standards in all areas

trans-o-flex is covering the entire logistics supply chain for 50 years. Our core competences are the following logistics processes:

- Procurement
- Warehousing
- Distribution
- Fulfillment

Customers from the **pharmaceutical, cosmetics, high-tech industries and Consumer Electronics** benefit from the high standards of **safety, cleanliness, reliability and transparency** that trans-o-flex has developed for these sensitive markets.

With over ten different express services, as well as **actively temperature controlled** networks (2–8 °C and 15–25 °C) and a standard transit time of less than 24 hours, we provide you with a wide range of services.

We are TAPA, SQAS and DIN EN ISO 14001:2015 certified and a partner of civil emergency prevention in road traffic. In addition, we have the most important pharmaceutical quality seals (GMP-Good Manufacturing Practice, GDP-Good Distribution Practice, HE manufacturing authorisation).
